Each participant will shoot 50 targets and will need to have two boxes of shells for competition. You can bring your own or purchase 12 gauge shells from the gun club for \$7.00 per box. Other gauges are available for a higher price. Bring extra ammo for practice and shoot-offs. Please remind leaders and 4-H members of a new 4-H rule that will be enforced— **NO RELOADED AMMO ALLOWED unless it has been approved by a “certified reloader” (a person who has participated in a 4-H certified training.) Texas 4-H follows ATA rules regarding proper ammo sizes allowed during competition and we will follow those rules.**

Remember to bring your own lawn chairs or blankets. Sun screen is also a good idea. Also, if your county has certified shooting sports leaders, please encourage them to assist.
